We're introducing new security measures for certain wire transfers when using our digital banking services

To help protect your account, you may be required to use a trusted device to send certain wire transfers when using chase com or the Chase Mobile® app. 1 Here are the key changes that will be effective May 8, 2025:

- Use of Trusted Devices: You'll need to use a trusted device to send certain wire transfers using our digital banking services. A trusted device is a smartphone that has been enrolled with us based on specific criteria.
- Enrolling a Device: You may already be using a trusted device. If not, you'll receive step-by-step instructions to make your device trusted the next time you initiate a wire transfer that requires it. You'll need to use a smartphone with the Chase Mobile® app installed and fulfill certain identification requirements, such as scanning and uploading a copy of your driver's license or state ID.
- Restrictions on Wire Transfers: If you don't have a trusted device, you may not be able to add recipients or initiate certain wire transfers using our digital banking services. This won't affect your ability to initiate wires at a Chase branch or J.P. Morgan Financial Center.

Where to Find More Information

These policy updates are effective May 8, 2025, and will be detailed in Section 3 of the Online Wire Transfer and Chase Global Transfer Services Addendum, which may appear as a separate agreement or as an Addendum to the Digital Services Agreement.

You can review the new requirements in those agreements beginning February 20, 2025. Here's how to access them:

- On chase.com: Log in to your account, click on the Main Menu, and select "Agreements & Disclosures."
- On the Chase Mobile® app: Go to "Legal Information" in Profile & Settings or at the bottom of the home page, then select "Legal Agreements and Disclosures."

If you have any questions, please call the number listed on this statement.

¹Chase Mobile® app is available for select mobile devices. Message and data rates may apply.
